

Model: GWFM101

Input Voltage:	120VAC
Frequency:	60Hz
Input Current:	25mA

IC: 6520A-GWFM101
FCC ID: T9S-GWFM101

* This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation
