Attestation for Waiver DA 25-387 for section 96.41(e) and 2.947(f) of the Commission's rules.

Ericsson AB consent to the following conditions of the waiver

- Each radio, when operated in 3.5 GHz band-only mode for equipment authorization testing, must comply with section 96.41(e)(2) in its entirety, except the radio's OOB may be limited to a conducted power level of no greater than -25 dBm/MHz for frequencies between 3.72 and 4.0 GHz;
- Except when testing for equipment authorization purposes, the subject radio may not operate in a standalone 3.5 GHz band mode, and must be configured such that the operator does not have access to controls that could result in such operation;
- This waiver and any related technical approvals of the multiband device are subject to future Commission rulemaking actions and the subject device must comply with all future Commission rules in their entirety.
