Attention:
Application Examiner
Reviewing Engineer

Re: Request for confidentiality per Section 0.459 of FCC Rules

Applicant: PanGo Networks, Inc.
FCC ID: TAG-PN80000

To whom it may concern,

Permanent Confidentiality

Request is hereby submitted by PanGo Networks, Inc., to withhold from public review certain portions of the application for equipment certification for the referenced FCC identifier.

Specifically we request that the following materials be withheld from public inspection under 47CFR0.459 because the information is considered to be confidential trade secrets and technical data, which customarily would be guarded from competitors to maintain a competitive advantage in the marketplace:

- (1) Detailed circuit Schematics of EUT as found in the electronic attachments.
- (2) Bill of Materials-Parts List
- (3) Detailed Operational / Functional Description
- (4) Detailed Block Diagrams
- (5) Photographs of the interior of the EUT and PCB (designated for short term confidentiality, 90 days)

Rationale for Request for Confidentiality:

Pango Networks, Inc. considers this information permanently confidential because it contains unpublished confidential trade secrets and technical data, which customarily would be guarded from competitors to maintain a competitive advantage in the marketplace. Pango Networks, Inc. further requests that "Photographs of the interior of the EUT and PCB" be designated for short term confidentiality (90 days).

The \$145 fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

Eric Bachtell
Director, Hardware Project Management
Pango Networks, Inc.
