Dear Helen,

Re-Q#1: Attached please find the new block diagram.

Re-Q#2: Attached please find the new FCC ID Label_Location file.

Best regards,

Joe Hsieh

Question #1: Please revise Block Diagram to show 433MHz RX portion.

Question #2: Please revise FCC ID label format to include FCC 15.19 labeling requirement. Please note in Feb, 2005 TCB training, FCC requests TCBS use the new guideline to check FCC ID label format: any devices larger than palm size i.e. 8cm x 10cm, must show FCC 15.19 labeling requirement on the label format, not the user manual.

Best Regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
