Dear Sir or Madam:

We Roku, Inc. hereby declare that the products below are electrically identical with the same electromagnetic emissions and electromagnetic compatibility characteristics as model: RC-BR2 tested by BACL, the results of which are featured in BACL project: R2407174. The differences are also described:

| Product Type:  |        |                                                                                             |
|----------------|--------|---------------------------------------------------------------------------------------------|
|                | Model  | Difference                                                                                  |
| Tested Model:  | RC-BR2 |                                                                                             |
| Similar Model: | RC-BR1 | Same wifi circuit. Without find my remote, guide and quick launch button.                   |
|                | RC-BR5 | Same wifi circuit. Without find my remote, guide and quick launch button. Without Roku tag. |
|                | RC-BR6 | Without Roku tag. No HW different.                                                          |

Please contact me should there be need for any additional clarification or information.

Best Regards,
