Re: Correction to form 731

FCC ID: TEB-HUNTSU825
Form 731 Confirmation Number: EA215215

Mistakes were made when completing Form 731 and adding attachments. I am requesting the following changes be made to correct the mistakes.

- 1.) Mark the filing as a composite device. The answer to the following question needs to be changed to Yes.
"Is the equipment in this application a composite device subject to an additional equipment authorization? No"
- 2.) The FCC ID for the additional filing is TEB-HUNTSU825. The device has two transceivers and requires two filings. The additional filing will be completed today.
- 3.) Delete "Exhibit I - SDR Statement.pdf" because an incorrect exhibit type was selected when attached.

SDR Software/Security Info. Exhibit I - SDR Statement 2010-01-06 17:29:34.513

This exhibit has already been attached a second time with the correct exhibit type selected.

Sincerely,
