RE: Inventec (Shanghai) Corporation

FCC ID: TEG045455

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) FYI.... This application has a short term confidentiality request. Please note that regarding short term confidentiality, you are responsible for the following:
 - a) A blanket approval of short term confidentiality can not be granted until December 31, 2005. Note that any documents held under the short-term confidentiality will automatically become public after 45 days. However, please note that a manufacturer may extend this period up to an additional 45 days at least twice after the original 45 day period. This requires an additional cover letter requesting this extension must be submitted to ATCB a minimum of 7 days prior to the expiration of each of the 45 day periods (in this case - prior to September 4, 2005).
 - b) If the manufacturer engages in public marketing activities or otherwise publicizes the device prior to the expiration of the short-term confidentiality period, the applicant must immediately notify ATCB so the exhibits can be made publicly available.
- 2) The newest confidentiality letter removed internal photographs and Users manual from the short term confidentiality request. This is unusual as most short term confidentiality request include these as well. Please review and correct if necessary.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
