

Hi Tim,

1. I will advise the grantee to make noted about the expiry date for the short-term confidentiality, and will sending the extension of the period to hold the short-term confidentiality prior at least 7-day before.

2. The confidentiality req. has been changed and uploaded again to the 1st-time version. I have made some changes before since I have noted some info from yours content at the top of the uploading web-site, it states that only ext. and user manual can be held for short-term but can't be standed for permanently confidential. Maybe just my misunderstanding and please refer to the one just uploaded by this time.

Thank you!!

Eric 0721
