Declaration

Date: 2019/6/20

To whom it may concern:

Our product, Jam True Wireless Earbuds, model: HX-EP410, FCC ID: TG3-HXEP410, is a twins earphone that has a master earphone and a slave earphone. The layout of master and slave earphones is same. Only difference is whether there is pull-up resistor R1 or not. R1 is to distinguish the master and slave earphone, which will have no impact on RF.

Sincerely,
