If you have a dispute, we hope to resolve it as quickly and easily as possible. First discuss your dispute with a Consumer Relations representative. If the Consumer Relations representative is unable to resolve your dispute, you agree that either Homedics or you can initiate arbitration as described in this section (the "Arbitration Agreement"). Arbitration means an impartial third party will hear the dispute between Homedics and you and provide a decision. Binding arbitration means the decision of the arbitrator is final and enforceable. A dispute is any unresolved disagreement between Homedics and you. A dispute also includes a disagreement about this Arbitration Agreement's meaning, application, or enforcement. The arbitrator shall decide any dispute under this Arbitration Agreement. Homedics and you each agree to waive the right to a jury trial or a trial in front of a judge in a public court. This Arbitration Agreement has only one exception regarding the disputes that are arbitrable: Either Homedics or you may still take any dispute to small claims court. This Arbitration Agreement is governed by the Federal Arbitration Act. The American Arbitration Association (AAA) will administer each arbitration and the selection of arbitrators will be according to applicable AAA rules. The arbitration will be held in the state of your residence. Neither Homedics nor you will be entitled to join or consolidate disputes by or against others as a representative or member of a class, to obtain relief in any arbitration in the interests of the general public, or to act as a private attorney general (the "Class Action Waiver"). Homedics will cover the cost of arbitration for any non-frivolous claims, but not the claimant's attorney fees. If any provision related to this arbitration agreement is found to be illegal or unenforceable, then such provision shall be severed from the arbitration agreement, but the rest of the agreement shall remain enforceable and in full effect. Homedics or you each can exercise any lawful rights or use other available remedies to: Preserve or obtain possession of property; exercise self-help remedies including setoff rights; or obtain injunctive relief (including public injunctive relief), attachment, garnishment, or appointment of a receiver by a court of competent jurisdiction. The substance of any disputes where public injunctive relief is available shall be decided by the arbitrator. Only if the claimant succeeds on its claim permitting the remedy of a public injunction may such claimant request that a court of competent jurisdiction enter an injunction in conformity with the arbitral award. You have the right to opt out of this Arbitration Agreement. If you opt out, neither you nor Homedics can require the other to participate in an arbitration proceeding. To opt out, you must contact Homedics by email at the address specified below no later than 30 calendar days from the date of the first consumer purchaser's purchase of the product. You must provide: (a) your name and address; (b) the date on which the product was purchased; (c) the product model number; and (d) the serial number found on the product. Opting out of the Arbitration Agreement shall not be construed as a modification of any other terms, including the Class Action Waiver.
