Hello FCC,

We have followed the guidance at the TCB conference to submit with this request.
As far as I know, base on the TCB conference call on September 12, 2006, TCB need to include these information below to FCC for quick review prior to grant issuing a grant .
I have included the rar file/zip file with reponses on the question and test report in word and pdf format.

- 1) How does this device operate?
- 2) Provide information on the device and its antenna.
- 3) How is it installed?
- 4) What test procedure was used?
- 5) If tested in a car, how was it configured/tested?
- 6) Was the tuning range properly verified? The test lab should indicate in the report that the tuning controls were manually adjusted to verify maximum tuning range.
- 7) Was the bandwidth properly tested with maximum audio input?
- 8) Provide the test report.

Please review the test report and the document.
If there are updated guidance that I need to follow, please let me know.
Besides, can you provide a FCC representative's name and phone number so that I can contact if anything happens or missing on this case?
Thank you so much for your assistance, and I look forward to hearing from you soon.

Best Regards,

Hello DC at BACL,
We have given guidance at the TCB conference on what you need to do and what needs to be submitted with this request. Please review the guidance and resubmit all required information in order for us to evaluate.
Thanks

Importance: High

To Whom It May Concern in FCC:

I am the Document Control in the Bay Area Compliance Laboratory Corp.
We are requesting to grant the FM Transmitters with testing following with FCC Section 15.239 rule and guidance.

Base on the TCB conference call on September 12, 2006, TCB must contact FCC prior to grant issuing a grant and FCC want to do a quick review of the test report.

I have attached a package in this email with the test report, technical documents and response on the quick review.

Please review the test report and the document.

If there is any question or issue, please let me know.

Thank you so much for your assistance, and I look forward to hearing from you soon.

Best Regards,
