

Response Dated: March 31, 2009  
Question Dated: March 30, 2009

Magnetek FCC ID: TNE-430PEN2

JOB: 327UC9

**Response:**

You are requesting long term confidentiality, however, your confidentiality request should be dated (the request from Magnetek/Material Handling), and must attest to the following confidentiality policy:

A user's manual may be held confidential when the manual is very technical and is not provided to the consumer because the consumer cannot service the device.

Is the product not provided to the consumer because the consumer cannot service the device because the device is very technical, then please state so in your revised request.

I had the customer include a statement saying the user's manual is very technical and is not provided to the consumer as the consumer cannot service the device. The new Request for Confidentiality Letter has been uploaded to TIMCO.

Thank you,
