Subject: Request for withholding from public disclosure the schematic diagrams, block diagrams and operational description pursuant to an application of certification

Gentlemen:

We, Vue Technology, Inc., would like to request that all schematics, block diagrams and operational descriptions submitted with our application for certification be withheld from public disclosure per Section 0.459 of the Federal Communications Commission (the "Commission") rules.

This request is made under the provisions of Section 0.457 (d) of the Commission's rules and Section 552 (b)(4) of the Freedom of Information Act. These sections authorize the withholding from public inspection, those materials that would be privileged as a matter of law if retained by the person submitting them, and materials which would not customarily be released to the public by that person.

If you have any questions or need additional information, please contact me at (415) 308-1034.

Yours truly,

A handwritten signature in black ink, appearing to be 'R. Locke', written over a horizontal line.
