Subject: FW: FW: eXS Inc., FCC ID: TTFN01A1206, Assessment NO.: AN05T5357

Hi Helen,

I have uploaded the missing documents, new user manual with statements, revised confidentiality letters, and DTS reports with all the data showing.

Regarding the max power, I have included a table in the user manual that lists the maximum power output at each frequency. The table shows that only the mid channel channel 6 is at the maximum Chung Nam power levels. Channels 1-5 and 7-11 are at the bandedge levels.

best regards

Tom
