Attention:      Application Examiner  
                    Reviewing Engineer

Re: Request that certain portions of the application are kept from routine public review per section 0.459 of the Rules.

Applicant: eXS Inc.  
FCC ID: **TTFN01A1206**  
802.11abg Access Point

To whom it may concern,

Request is hereby submitted, on behalf of my client eXS Inc. to withhold from public review certain portions of the application for equipment certification for the referenced FCC identifier per section 0.459 of the Rules. In particular, the following sections of the application and report are requested to be kept confidential:

    Gemtek FCC ID: MXF-AP940422AG block diagrams and schematics  
    Chung Nam FCC ID: Q72WLAG block diagram, operational description  
                    and schematics

Rationale for request for confidentiality:

Chung Nam and Gemtek, both suppliers to eXS Inc. have invested considerable time and materials in research and development to develop the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS  
EMC Consultant  
Agent for eXS Inc.
