Defects claimed under the Warranty are rectified at Bang & Olufsen's discretion within the rules of the marketing and consumer law. Rectification is ensured by way of (i) repairing the defective Bang & Olufsen Product, (ii) inserting remanufactured parts into the Bang & Olufsen Product, and/or (iii) replacing the Bang & Olufsen Product with a new product equivalent in performance and reliability to the Bang & Olufsen Product. Replacement of limited or special edition Bang & Olufsen Products depends on the availability of the Bang & Olufsen Products in question. Where the Bang & Olufsen Product cannot be repaired (damage is considered as total loss) and where exchange is not feasible, compensation is offered on a pro-rata basis of the purchase price.

All exchange modules become property of Bang & Olufsen.

Exclusions and limitations

Bang & Olufsen is not liable for the damage or loss of any programs, data and/or media content during the repair process. Bang & Olufsen strongly recommends customers to ensure that, if possible, all data is backed up prior to requesting repair services from Bang & Olufsen.

The Warranty will not operate if the serial number has been defaced or altered or if non-authorized modifications in the software have been made.

In countries with governmental requirements on specifically developed versions of Bang & Olufsen products, e.g. due to varying transmission systems and approval demands, and the defect or malfunction is caused by the usage of other versions than required in the specific country, this

Warranty does not apply. To obtain information about usage of the Bang & Olufsen Product in several countries, please contact the legal entity stated on the original invoice for the Bang & Olufsen Product.

All implied warranties, including without limitation, implied warranties of merchantability and fitness for a particular purpose, are limited to the duration of this Warranty. In no event shall Bang & Olufsen be liable for damages in excess of the purchase price of the Bang & Olufsen Product or for, without limitation, commercial loss of any sort; loss of use, time, data, reputation, opportunity, goodwill, profits or savings; inconvenience; incidental, special, consequential or punitive damages; or damages arising from the use or inability to use the Bang & Olufsen Product.

Bang & Olufsen makes no warranties or representations, express or implied, statutory or otherwise, as to the quality, capabilities, operations, performance or suitability of any third-party software or equipment used in conjunction with the Bang & Olufsen Product, or the ability to integrate any such software or equipment with the Bang & Olufsen Product, whether such third-party software or equipment is included with the Bang & Olufsen Product distributed by Bang & Olufsen or otherwise. Responsibility for the quality, capabilities, operations, performance and suitability of any such third-party software or equipment rests solely with the user and the direct vendor, owner or supplier of such third-party software or equipment. Nothing contained in the user manual or any other document shall be construed to create an express warranty of any kind with respect to the Bang & Olufsen Product. No agent, employee, dealer, representative or reseller is authorized to modify or extend this Warranty or to make binding representations or claims, whether in advertising, presentations or otherwise, on behalf of Bang & Olufsen regarding the Bang & Olufsen Products or this Warranty.

Severability

If any portion of this Warranty is held to be illegal or unenforceable, such partial illegality or unenforceability shall not affect the enforceability of the remainder of the Warranty.

Consumer's legal rights

This Warranty is provided in addition to the rights and remedies granted by the seller of the Bang & Olufsen Product or granted under applicable legislation. Any and all remedies (e.g. rectification, claim for damages, and/or right to terminate the contract) granted by the seller of the Bang & Olufsen Product or available by law remain unaffected by this Warranty.

For the Australian market only: Bang & Olufsen Products are subject to the guarantees provided under the Australian Consumer Law. You are entitled to a replacement or refund for a 'major problem' and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the Bang & Olufsen Product repaired or replaced if the Bang & Olufsen Product fails to be of acceptable quality and the problem does not amount to a 'major problem'.

For the US market only: Some states do not allow the exclusion or limitation of incidental or consequential damages. Thus, the above limitations or exclusions may not apply to you. This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

For the People's Republic of China market only: The Warranty only applies to Bang & Olufsen Products imported by Bang & Olufsen Enterprise Management (Shanghai) Co. Ltd. and purchased from Authorised Resellers selling from physical stores located or authorized online stores hosted in the People's Republic of China or legally imported in connection with an end-user's properly documented relocation to the People's Republic of China. Bang & Olufsen Products purchased in Hong

Kong, Macau or Taiwan or elsewhere outside the People's Republic of China are excluded from the Warranty but subject to the applicable legislation in the relevant market of purchase. Import, sale and use of specific Bang & Olufsen Products in the People's Republic of China is subject to China Compulsory Certification (CCC), obtained from the above mentioned authorized stores located or hosted in the People's Republic of China at the time of purchase or upon appropriate documentation of relocation to the People's Republic of China for Bang & Olufsen Products purchased abroad.

For Hong Kong and Macau markets only: The Warranty only applies to Bang & Olufsen Products imported by Bang & Olufsen Limited and purchased from authorized physical stores located or authorized online stores hosted in Hong Kong or Macau, or legally imported in connection with an end-user's properly documented relocation to Hong Kong or Macau.
