A photograph of a Fortinet FortiGate 100D firewall unit, a small, light-colored rectangular device. The unit is shown with its power and network cables. A black power cable with a standard two-prong AC plug is connected to the power jack. A black network cable is connected to the Ethernet port. A white network cable is also visible, coiled next to the black one. The unit is placed on a blue surface, and a ruler is visible at the bottom for scale.
