

Declaration of Similarity

Radio, EMC

ID-No.: S25-0121125100

We declare that the cordless base stations

Gigaset N610, N670, N870, N870E PRO US

are similar in the following respects:

- All products use the same pcb
- All products use the same components
- All products use the same firmware (device differentiation by internal software settings)

except the N870E, where the 2 internal wire antennas are exchanged by 2 TNC-connectors for the external omni-antennas.
