**Inquiry on 09/02/2014 :**

**Inquiry:**

Dear FCC,

Good morning, I would like to consult your agreement that the FCC ID and FCC label information in the user manual.

The product is headphone with bluetooth. Since the earphone is too small to put the FCC ID, and FCC statement on the product, we would like to ask FCC permission to allow theFCC ID and FCC statement shown on the user manual.

FCC ID: TWF-BT-EPSER01
Form 731 confirmation number: TC970329

The related product photo and user manual are attached for your refrenence.

If you have any queries, please feel free to ask me.

Best regards,
Wilson Loke@ACB

**FCC response on 09/02/2014**

The following information can be obtained from our website at www.fcc.gov/oet/ea also, labelling guidelines can be found in Knowledge DataBase (KDB) Publication #784748.

If the device is unquestionably too small for the FCC ID to be readable (smaller than 4-6 points), the FCC ID may be placed in the user manual. However, it must be determined that the device itself is too small – the label area allocated to the FCC ID may not be reduced because of over- crowded identification of other product and regulatory information.
