Timco Engineering
849 NW State Road 45
Newberry, Florida 32669

SUBJECT: TIMCO-TCB/Request for additional info - NUMEREX CORPORATION - FCC ID:
TWV-SXL1

REFERENCE: JOB 676UC11

Dear Application Examiner:

This EUT contains multiple transmitters capable of operating simultaneously. It has been tested and found to have met all pertinent requirements of Intermodulation Testing. This EUT was tested with all transmitters operating simultaneously and found to have met the requirements of 47 CFR Part 15 and Part 25. A Part 25 verification report is available upon request.

Regards,

A handwritten signature in blue ink, appearing to read "George Yang", is positioned below the "Regards," text.
