Gentlemen,

In accordance with 0.459 of CFR 47, Numerex Corporation hereby requests confidentiality of the following submittal drawings and documents: Block Diagrams, Circuit Description, Circuit Diagrams, Parts List, and Operational Description for the subject application.

These documents contain detailed system and equipment description and related information about the product, which Numerex Corporation considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, Numerex Corporation considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Edward R. Jansson  
Director of Product Development  
Numerex Corporation
