Columbia, MD 21046

Subject: FCC ID: TY7210-0150

OET Equipment Authorization Branch:

Attached is a report of measurements demonstrating compliance of the CT Bridge[®] URD 5000r with FCC Rules, Part 15, Subpart G. This product has been modified, as described below:

Small carrier-by-carrier amplitude adjustments were made to flatten the MV-side transmit spectrum across the operating band. Overall transmit power was also adjusted slightly to bring the resulting flat spectrum into compliance.

We look forward to your favorable response to our application and are ready to address any questions you might have.

Sincerely,

Steve Seymour
Senior Compliance Engineer
