**SUBJECT: NEC CASIO Mobile Communications, Ltd**  
**FCC ID: TYKNX9320**  
**Class II Permissive Change**  
**Orig. Grant Date: November 18, 2010**

Gentlemen:

Transmitted herewith, on behalf of NEC CASIO Mobile Communications, Ltd is an application for a Class II Permissive Change Certification of the Cellular/PCS CDMA/EvDO Phone with Bluetooth and WLAN.

The device is identical to the previously certified Cellular/PCS CDMA/EvDO Phone with Bluetooth and WLAN except that Mobile hotspot feature is now enabled by software solution.

This device also utilizes a Hotspot power setting configuration. The power setting is automatically set when Hotspot mode is enabled by the end user. As per the FCC Class II Permissive Change Policy (Section 4;c) the maximum output power of the original authorization remains the same and no hardware or design changes have been made to the device.

Attached are the supplementary SAR report including the power settings in the Hotspot mode and operational description document (confidential).

Should you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

Sanjay Wadhwa  
Senior Manager Engineering
