## TYOJN5139M4: Class II Permissive Change

10<sup>th</sup> April 2008

TRL Compliance Ltd  
Long Green  
Forthampton  
Gloucester  
GL19 4QH  
UK

To Whom It May Concern:

The changes to the JN5139-001-M4 and JN5139-Z01-M4 modules were because of an internal engineering change request to improve production yield. The only change is to the PCB, which has improved edge connectors and additional ground vias.

Yours faithfully

Jennic Ltd

Conrad Vincent Farlow
