Subject: Class II permissive change Request

FCC ID: U2BRL039AT9S

Granted on: 08/03/2016

To whom may concern:

Pursuant to CRF Section 2.1043, Attenti requests a Class II permissive change to update the filing.
All of the changes are not effect to the RF performance, function and power.

Change list:

1. Model Change from AT9S to AT9S Pro as follow pictures 1.
2. Hardware change: The hardware version number is changed from REV: 2.0 to REV: 3.0 as follow files.
3. to not affect the normal use of the machine performance, the layout of the plate as far as possible to avoid the position of the antenna.
4. in order to meet the needs of customers, we make new software, so that AT9S Pro has more performance, but it will not affect the RF performance and the electrical performance of the machine.
5. PCBA (Printed Circuit Board Assembly) adds eight components as follow pictures 2 and 3.

Declaration: the modification of the Model change and the PCB board will not affect the RF performance and the electrical performance of the machine.
