

Description of Permissive Change

The application is prepared for FCC class II permissive change by adding DFS band only for PIFA antenna (internal antenna) device and changing new model.

Both devices, original and updated versions, are electrically identical in all aspects except enabling frequency bands of 5260 ~ 5320 MHz and 5500 ~ 5700 MHz.

signature

A handwritten signature in blue ink, appearing to read "Robert Huang".
