**Timco Engineering, Inc.**  
849 N.W. State Road 45  
P.O. Box 370  
Newberry, Florida 32669

**Subject:** FCC Class II Permissive Change under FCC Part 15, Subpart C,  
Section 15.231(e) - Momentarily Operation at 433.92 MHz.

**Product:** Digital LED Lighting Control Unit  
**Model No.:** DCU706B  
**FCC ID:** U33-DCU706B

Dear Sir/Madam

As appointed agent for **Rosstech Signals Inc.**, we submit the application to Timco Engineering Inc. for class II permissive change of the above product. Please review all files uploaded to TIMCO Upload Web Site.

The applicant declared and confirmed that only difference of this model from the original grant (dated on March 16, 2007) is that Tx component is integrated on-board directly thus no sub-module is required, and everything else remains the same.

If you have any queries, please do not hesitate to contact us.

Yours truly,

Tri Minh Luu, P. Eng.,  
V.P., Engineering
