Re: FCC ID: U4A-SCYICLS0

To Whom It May Concern:

The following application is submitted on behalf of our client, Assa Abloy, Inc., for evaluation of their models S1-IA/IK, S2-IA/IK for certification under FCC Part 15.225. The S1-IA/IK, S2-IA/IK models were tested to the full requirements of Part 15.225 with compliant results.

The models listed above differ only in the peripheral options such as power and keypad. With the exception of peripheral options, all models are electrically identical in construction and design. FCC ID: U4A-SCYICLS0 can also be collocated with 802.11b/g module, FCC ID: F4AWLNG1. Collocation of both transmitters was evaluated and found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
