**ASSA ABLOY**

September 28, 2016  
FCC ID: **U4A-YRHCPN0FM**

To Whom It May Concern:

Pursuant to Section 15.212(a) (1) of the FCC rules, **ASSA ABLOY** hereby requests for modular approval, compliance with the requirements are addressed below.

<b>Modular Approval Requirements</b>	<b>Justification</b>
i. The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly;	<b>All radio frequency circuitry is properly shielded with all physical components located on the module assembly.</b>
ii. The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal;	<b>The module does implement buffered modulation/ data inputs.</b>
iii. The module must contain power supply regulation on the module;	<b>The module has its own power supply regulation.</b>
iv. The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b);	<b>The antenna is permanently attached to the module.</b>
v. The module must demonstrate compliance in a stand-alone configuration;	<b>The module was tested and passed in a stand-alone configuration.</b>
vi. The module must be labelled with its permanently affixed FCC ID label, or use an electronic display;	<b>The module is labelled with a permanently affixed FCC ID label.</b>
vii. The module must comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee;	<b>The YRMZW2-US complies with all applicable rules and operating requirements as long as it is properly installed into a compatible host device. Instructions are provide to ensure proper installation of the module.</b>
viii. The module must comply with RF exposure requirements;	<b>The YRMZW2-US module has been tested and shown to comply with all applicable RF exposure requirements.</b>

Sincerely,
