RE: FCC ID: U4B M210-3G

**TIMCO Engineering, Inc.
849NW State Road 45
Newberry, Florida 32669**

Dear Examiner:

The intent of the Limited Modular Approval is to use INSIDE Contactless 13.56 MHz RFID Reader in our *SmartKit II* and *Cash to Card* products. This approval will allow us to use a single FCC ID instead of having to re-certify and have another FCC ID for each product. The INSIDE Contactless 13.56 MHz RFID Reader will only be sold with QI Systems as listed above.

In addition, in the future we will submit a Class II Permissible Change form along with other required documents for any of our products that include an INSIDE Contactless 13.56 MHz RFID Reader.

Yours truly,

Donny V. Lee
CTO
