RE: FCC ID: U4BM210-3G

Dear Examiner:

This is a FCC Class II Permissive change application, the original application was granted on Apr 18, 2007.

The intent of the Limited Modular Approval is to use INSIDE Contactless 13.56 MHz RFID Reader in our *SmartVend Console* products. This approval will allow us to use a single FCC ID instead of having to re-certify and have another FCC ID for each product.

Yours truly,
