

FCC ID: U4QCAR0520-0519

Operating Description

Transmitter:

1. Locate the Battery Compartment which is on the back of the Transmitter.
2. Remove screw from battery cover by screwdriver and take down the battery compartment cover.
3. Insert 6×1.5"AA"batteries(included). Make sure that the alkaline batteries are installed correctly according to the positive(+) and negative(-) marking on the battery compartment.

Vehicle:

1. Charge the rechargeable battery of the Vehicle about 4 hours before using.
2. Connect&insert one 12V rechargeable battery once fully charged.

Turn on the Transmitter and the Vehicle. And then you can control the vehicle with the keys on the transmitter board which can make the vehicle Forward/Backward/Left turn/Right turn. You can listen the music when you turn on the music button.
