Subject: Extended Frequencies Justification

Dear Sir/Madam,
The Radio with FCC ID: U59D-600U was designed to operate in the frequency bands 400~480 MHz

To aid equipment authorization in other countries which accept the United States FCC Grant for Certification, Tekk International Inc. is requesting that the FCC lists the frequencies 400~480 MHz, under FCC Rule Part 90 on the FCC Grant.

Tekk International Inc. attests that the radio will not be marketed to USA users with the frequency band which is not allowed by the rule part 90. Per the FCC's KDB634817 guidance, as an alternative to listing the exact frequencies, we acknowledge that it's a violation of the FCC Rules if this device operates on unauthorized frequencies.
