Pittsburgh, Pennsylvania 15215-5315

Equipment: XV-1000

To Whom It May Concern:

We, them manufacturer of the captioned equipment, hereby declare as follows:

1. The Frequency programming and related capabilities of the unit are defined by the software capabilities and programmed by the manufacturer and/or authorized dealer. Programming of radios to operate on approved frequencies, as requested by the customer is performed by the manufacturer and/or approved dealer.
2. This radio transceiver has been developed for global applications and incorporates programmable tuning capabilities. All radio programming capabilities are restricted to manufacturer and/or dealer access. The manufacturer and dealers are aware of tuning and use requirements for prospective markets and adjust equipment programming on application basis.

A handwritten signature in black ink that reads "David W. Stubbs". The signature is written in a cursive style with a large, stylized "D" and "S".
