#### **Request for Confidentiality**

Pursuant to Sections 0.457 and 0.459 of the commissions rules, we hereby request that the following documents be held confidential on behalf of ELDEC Corporation:

- Schematics
- Block Diagram and Operational Description
- Internal Photographs

The above information contains trade secrets, is confidential to ELDEC Corporation, and took considerable time, effort, and expertise to develop. If the information were available to other potential competing companies, they could forego most of the development time and expense, providing them with a potentially damaging and unfair competitive advantage. The public disclosure of this information might be harmful to the company and provide unjustified benefits to our competitors.

This information is not publicly available. The Nose Landing Gear Axle Remote Data Concentrator is not a consumer device and is not accessible by the general public because of its installation on an aircraft. This device is only serviceable by the licensee and designated avionics technicians. We attest to item 3 of the FCC confidentiality policies.

- 3) *Internal photos can also be held confidential if a non-consumer device is inaccessible to the general public, such as a device mounted on the top of a large tower (or in a fenced enclosure) that is only serviceable by the licensee or his designated technicians.*

*Dated this 6<sup>th</sup> Day of October 20 09*
