

## OPERATING INSTRUCTIONS

### BATTERY INFORMATION

The operation requires 6 "AA" 1.5V alkaline batteries (not included) for car and 1 9V battery (included) for remote control.

- Carefully remove items from package.
- Locate the battery compartment on the back of each item.
- Unscrew latch on bottom of car to release battery pack and replace batteries, following the correct polarities (Fig. 1).
- Slide open the battery compartment door of the controller.
- Replace the battery following the correct polarities (Fig. 2).
- Replace the battery compartment door.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### SAFETY PRECAUTIONS

- Do not operate during thunderstorms or rain.
- Avoid water, sand and snow when operating your car.
- Do not submerge car or controller in water.
- Never operate your car on the street or highway.
- Adult supervision is recommended when operating this car.
- Remove all batteries when not in use to avoid accidental operation.
- Never operate your car in a confined or crowded area, and do not use people or animals as obstacles.
- Do not run your car into furniture, objects or hard surfaces, as this will cause damage to both the objects and the car.
- Keep fingers, hair and loose clothing away from the tires, gears and motor while the car is switched to "ON".
- Do not leave car or transmitter near sources of heat or under direct sunlight for long periods of time.
- Do not leave car or transmitter outside overnight. Dampness is harmful to interior components.

### PERFORMING STUNTS

- Switch both car and the controller buttons to "ON" position.
- Use the left joy stick to make the left wheel move forward and reverse.
- Use the right joy stick to make the right wheel move forward and reverse (Fig. 3).

**1. SPECTACULAR SPINS**  
To spin in the Street Savage 360°, run the car and push up the RIGHT joystick and simultaneously push down the LEFT joystick or push up the RIGHT joystick and simultaneously push down the LEFT joystick depending on the chosen spin direction (Fig. 4).

### 2. AWESOME CORNERING

To take extremely sharp turns or maneuver a 180° or 360° turn, run the car and push the RIGHT and the LEFT joystick then release the RIGHT or the LEFT joystick to steer left or right (Fig. 5).

### 3. WILD WHEELIE

To make a wheelie, run the car and push BOTH joysticks forward. The car will stand up on two wheels. Release slowly the RIGHT or the LEFT joystick to steer (Fig. 6).

### 4. TWO WHEEL SPINS

To make a two wheel spin, run the car at full speed to make a wheelie and then suddenly release the RIGHT or the LEFT joystick to spin on two wheels (Fig. 7).

#### BATTERY WARNING:

- Do not mix alkaline, standard (carbon-zinc) and rechargeable batteries (Nickel Metal Hydride).
- Do not mix old and new batteries.
- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the item before being charged (if removable).
- Rechargeable batteries should only be charged under adult supervision (if removable).
- Exhausted batteries should be recycled immediately and must be recycled or disposed of properly according to state or local environmental ordinances and regulations.
- The supply terminals are not to be short-circuited.
- Only batteries of the same or equivalent type as recommended are to be used.
- Batteries are to be inserted with the correct polarity (see diagram below).
- Do not dispose batteries in a fire - batteries may heat or explode.

Take radio control racing to the next

level with the STREET SAVAGE™ Stunt

Vehicle. Turn, tumble, spin round and

round. The STREET SAVAGE™ delivers

stunt and racing action unlike any

other radio control vehicle.

With its full-function remote control,

you can easily perform outrageous

one-wheel turns, super wheelies and

more! STREET SAVAGE™ features

super-grip knobby tires and spring-

loaded shocks making it the ultimate

all-terrain vehicle. Available in 2

variations, you can go head-to-head

with family and friends for challenging

competitions and races. STREET SAVAGE™

is the ultimate fun for everyone!

With its high performance, the Street Savage™ is the perfect gift for the racing enthusiast in your life. It's fast, maneuverable and easy to control. The car is made of high-quality materials and is designed to withstand rough terrain and high speeds. It's perfect for indoor and outdoor use, and can be used on hard surfaces.
