RE: Class II Permissive Change Request  
FCC ID: U89SB2K5354TRV

To Whom It May Concern:

Please be advised that pursuant to FCC Rule 47CFR 2.1043 the manufacturer requests that the above-referenced model be approved for class II permissive change.

The reason for the change is to cover the 25 kHz channel spacing which was not enabled at this time of original submission. No Hardware changes have been made and additional testing has been carried out to cover the 25 kHz testing aspects.

Thank you for your attention to this matter.

Yours faithfully  
*Team Simoco Ltd*

Mr Richard Stimson
