**FCC ID: U89SDB680UW01**  
**FCC Part 15 Testing Attestation**

To whom it may concern

This letter is to attest that the Simoco SDB680 UW 01 UHF Base Station Transceiver was tested by this laboratory to FCC part 15, Sections A and B, sections 15.107, 15.109 and 15.111 and was found to comply.

Testing was carried out to Part 15 as the device contains a digital device with RS-232, USB and Ethernet ports and it also contains a receiver.

The verification compliance process has been applied to this device as:

- the receiver is contained within a transceiver
- the transceiver will be marketed for use exclusively in a commercial/business environment and will therefore be classed as a Class A device

Yours faithfully,

A handwritten signature in black ink, appearing to read "Andrew Cutler". The signature is fluid and cursive, with the first name "Andrew" and the last name "Cutler" clearly distinguishable.

Andrew Cutler  
General Manager
