

## **Labeling Information**

This application covers three different models.

- 1) Base Station
- 2) Access Point
- 3) Repeater

The electronics are the same in all three. The base station and repeater are identical in appearance and the only difference between the models is software.

The access point has a smaller plastic enclosure than the other two models.

All three models will have the same FCC identifier and FCC notice on the label.

**This device complies with  
Part 15 of the FCC Rules.**

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received,  
including interference that may cause undesired operation.
