Federal Communications Commission  
Authorization and Evaluation Division

Dear Regulatory Authority,

We, the undersigned, hereby declare that WCDMA modes of the product M72xT  
Notebook CAN NOT be used in North America.

---

The frequency range of GSM/WCDMA will be different due to different settings by  
the area it is used. In the United States, only GSM850, GSM1900, EDGE850, and  
EDGE 1900 could be enabled.

Sincerely,
