Federal Communications Commission
Authorization and Evaluation Division

Dear Regulatory Authority,

We, the undersigned, hereby declare that WCDMA modes of the product TN12XR(X=0~9) Notebook CAN NOT be used in North America.

The frequency range of GSM/WCDMA will be different due to different settings by the area it is used. In the United States, only GSM850 and GSM1900 could be enabled.

Sincerely,

H.Y. Sung 10/26
