

# Container Security Device (CSD) Installation Guide

## 1 Installation

Attach the CSD at the right doorframe. It will stay in place with the use of built-in magnets.

Place the CSD between these two possible locations, between the top and second hinge but not directly touching the hinges.

Do not place the CSD at the same height as the rivets of the door.

Proper mounting with the door closed.

Note: To assure compliance with FCC/Industry Canada rules regarding RF Exposure, this equipment should be installed and operated with a minimum distance of 20 cm from any personnel.

## 2 Regulatory Information

This device complies with part 15 of the FCC Rules and with RSS-210 of Industry Canada rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Per FCC 15.105 This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a commercial installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult CommerceGuard personnel for help

Per FCC 15.21 Changes or modifications not expressly approved by CommerceGuard could void the user's authority to operate the equipment
