Subject: FCC Labelling Requirements; Compliance Statement on TSL Reader Products.

To Whom it May Concern.

Due to the lack of available space on the TSL range of readers, ICT is unable to label the reader devices with the following FCC Compliance Statement:

“This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.”

Integrated Control Technology has labelled each TSL Reader with the FCC ID Number associated with the device and the FCC logo and QR code which directs the purchaser to the product manual for the device. As required by FCC part 15 requirements.

Within the product manual the full text of the FCC part 15 compliance statement is displayed for compliance purposes.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Hayden Burr', is written over a light gray circular background.

Hayden Burr.
