Subject: N3 CORPORATION, LTD., FCC ID: UBA-UBFREE2, Assessment NO.: AN06T5849, Notice#1

Dear Ms. Helen,

Thank you for your cooperation and kindness.

Regarding the assessment no. AN06T5849, we would like to inform you as follows,

Question #1: The user manual does not contain user information as specified in FCC15.21 and 15.105(b). Please update the user manual.

---> [Please refer to attached revised manual.](#)

Quesiton #2: The test report indicates "The EUT was connected with a Notebook PC and then the PC controlled channel changing only." This device can be regarded as a PC peripheral. If the digital portion is under DoC scheme, please add FCC DoC logo on the label. If it is under certification scheme, please submit a separate application under JBP for the digital portion.

---> [Attached please find revised user manual.](#) The USB port is just for charging purpose. The port is also modified to enable changing of channel and packet type for compliance testing purpose only when the EUT is connected with [PC](#).
[Attached please find revised user manual.](#)

If you have any question or need more information, please feel free to contact us.

Thank you and have a nice day!

Best Regards,

S. C. Hong / Project Engineer
