## Overall Assessment Letter for the LG KG112

**FCC ID: UBIKG112**

I have reviewed the application and find it compliant.

The product is a GSM/PCS dual-band phone which supports 850 and 1900 MHz frequencies.

Please note the following which were addressed during the assessment:

### 2.1051 Conducted Spurious Emissions

The conducted spurious emissions were not tested since the antenna is integrated and the connection point cannot be readily accessed.

Yours sincerely

Allen Ferry  
Senior Certification Engineer
