Subject: Re: Change of Identification for equipment

Hi KK,

Please see below & answer the question from TCB.

1. The original identification used on the equipment prior to the change in identification.

[IW] iwow TR800 FCC ID is QPB-TR8000506.

2. The date of the original grant of the equipment authorisation.

[IW] 13th July 2006

3. How the equipment bearing the modified identification differs from the original equipment.

[IW] No modification.

4. Whether the original test results continue to be representative of and applicable to the equipment bearing the changed identification.
[IW] Yes

Thanks & Regards

Subject
Change of Identification for
equipment

Dear All,

As per FCC part 2.933 for change in FCC ID where there is no change in design, circuitry or construction is involved, the applicant must submit a statement with their company letter-head stating:

1. The original identification used on the equipment prior to the change in identification.
2. The date of the original grant of the equipment authorisation.
3. How the equipment bearing the modified identification differs from the original equipment.
4. Whether the original test results continue to be representative of and applicable to the equipment bearing the changed identification.

Thanks

I will need this submitted together with the rest of the documents.
Thanks

Warmest Regards

Colin Chen
