1007\_CEYON  
CHNOLOGY CO., LTI

Dear Helen,

I've attached Test Report for UDCWIM125-S.  
Please check the page 15 and 19.

Thank you & Best Regards,  
CHA

Question #1: Please explain why "The EUT was acted standby mode during radiated and conducted testing", as indicated on the last page of the test report. The EUT should be on continuous transmitting mode instead.

SEE attached file (TEST REPORT)

Question #2: The request for confidentiality letter is not included in the filing. So block diagram, schematics, operational description will be available for public review once the grant is issued. Please verify with the applicant. If they want to keep those documents confidential, please provide the request for confidentiality letter.

SEE attached file (Letter)

Best Regards,  
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
