TELCOSAT INC, has spent substantial effort in developing this product and is a propriety design for the detection of oscillation. Having the subject information easily available to the "competition" would negate the advantage they have achieved by developing this product. Not protecting such details of the design will result in financial hardship.

Permanent Confidentiality:

The applicant requests the exhibits listed above as a permanently confidential be permanently withheld from public review due to the materials that contain trade secrets and information not customarily released to the public.

Sincerely,

By:

Carl Bosnyak, CEO.
