### ➤ Test Setup Photographs for Conducted Emission of FCC 15B

Test Mode: Mode 1: Transmit by 802.11b

Description: Front View of Conducted Emission Test Setup

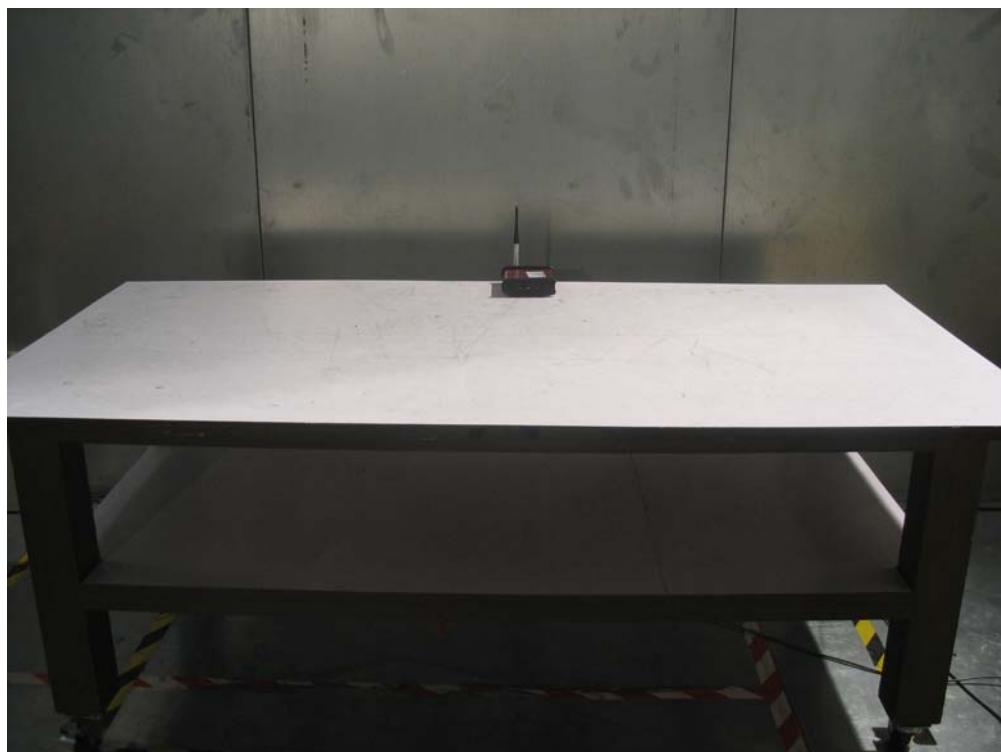

Test Mode: Mode 1: Transmit by 802.11b

Description: Back View of Conducted Emission Test Setup

Test Mode: Mode 2: Transmit by 802.11g

Description: Front View of Conducted Emission Test Setup

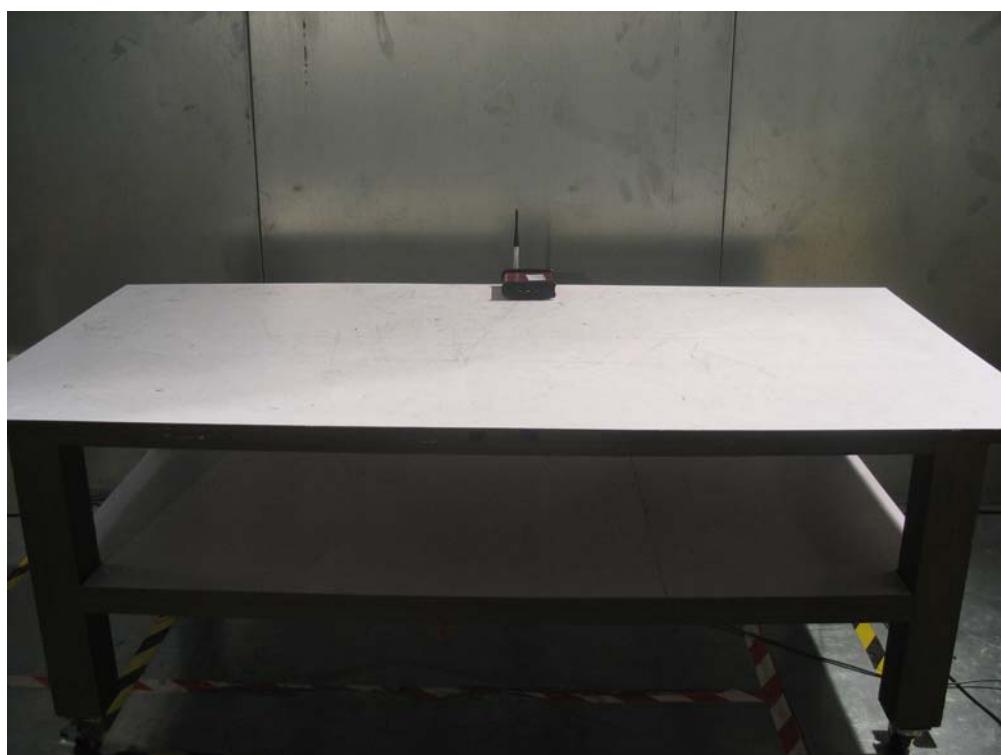

Test Mode: Mode 2: Transmit by 802.11g

Description: Back View of Conducted Emission Test Setup

Test Mode: Mode 3: Transmit by 802.11 super g

Description: Front View of Conducted Emission Test Setup

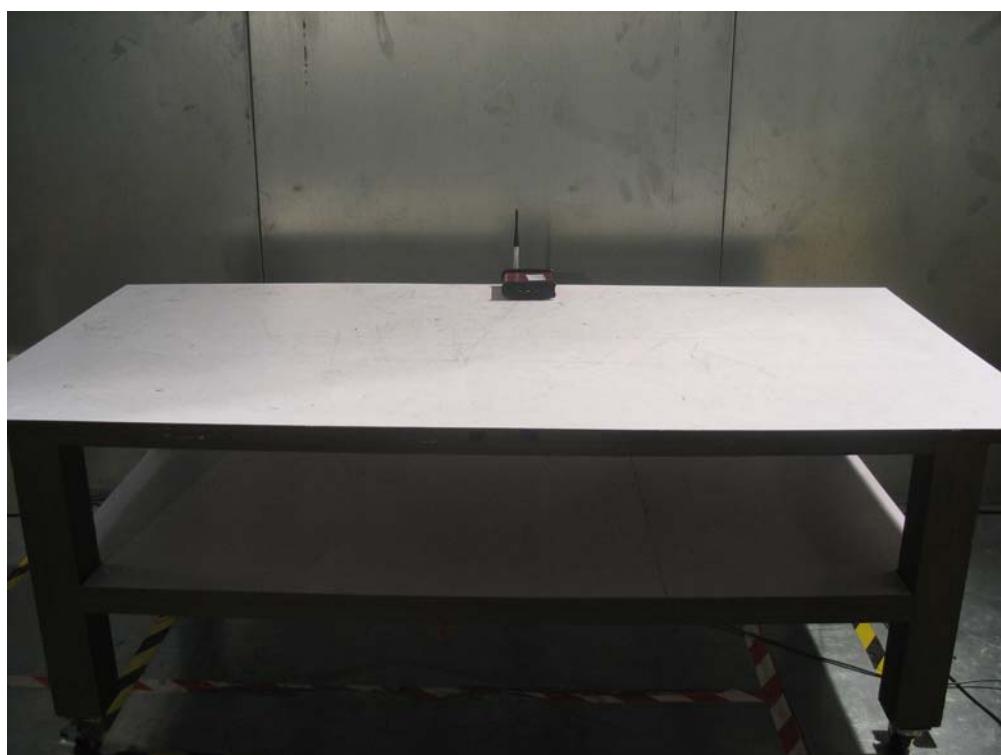

Test Mode: Mode 3: Transmit by 802.11 super g

Description: Back View of Conducted Emission Test Setup

Test Mode: Mode 4: Transmit by 802.11g turbo g

Description: Front View of Conducted Emission Test Setup

Test Mode: Mode 4: Transmit by 802.11g turbo g

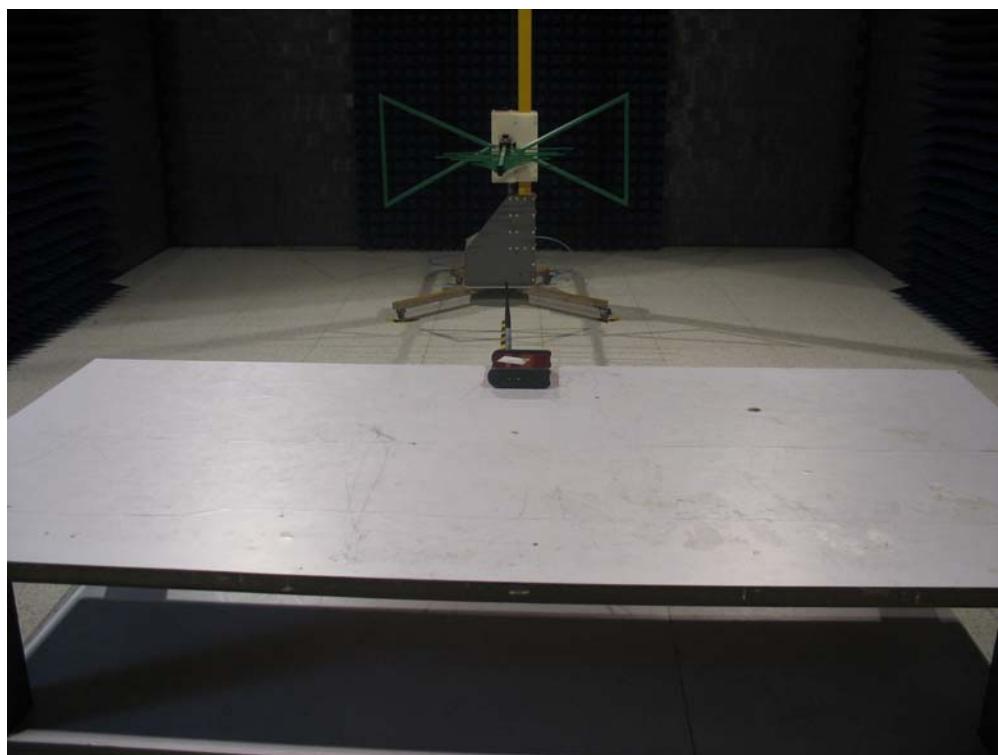

Description: Back View of Conducted Emission Test Setup

➤ **Test Setup Photographs for Conducted Emission of FCC 15B**

Test Mode : Mode 1: Transmit by 802.11b

Description : Front View of Radiated Emission Test Setup for Under 1GHz

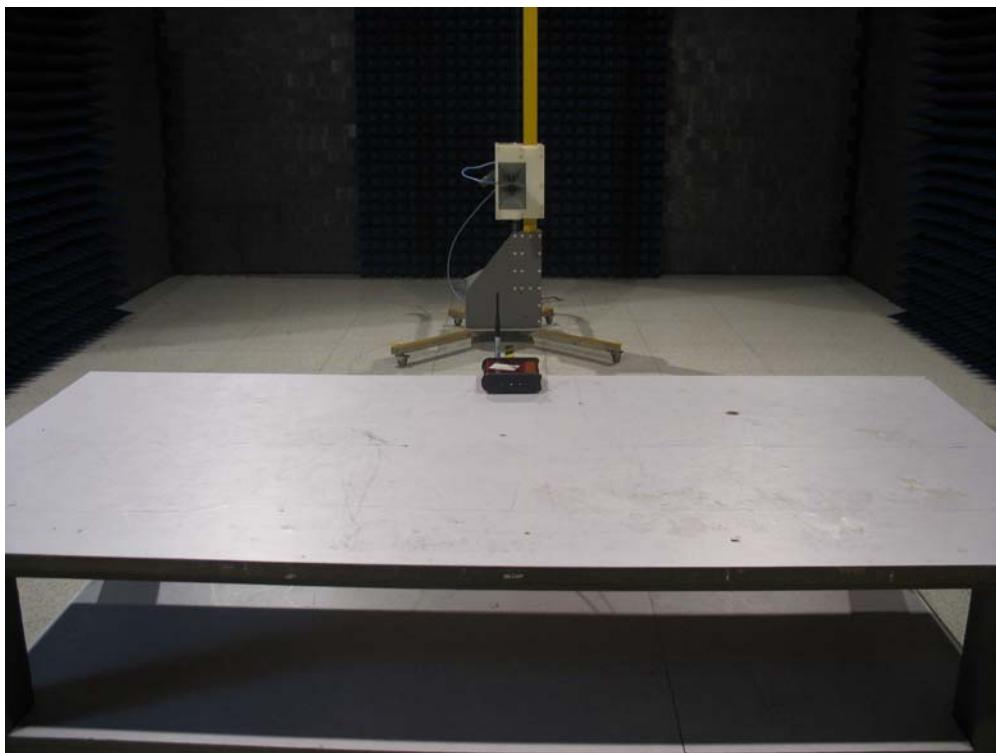

Test Mode : Mode 1: Transmit by 802.11b

Description : Back View of Radiated Emission Test Setup for Under 1GHz

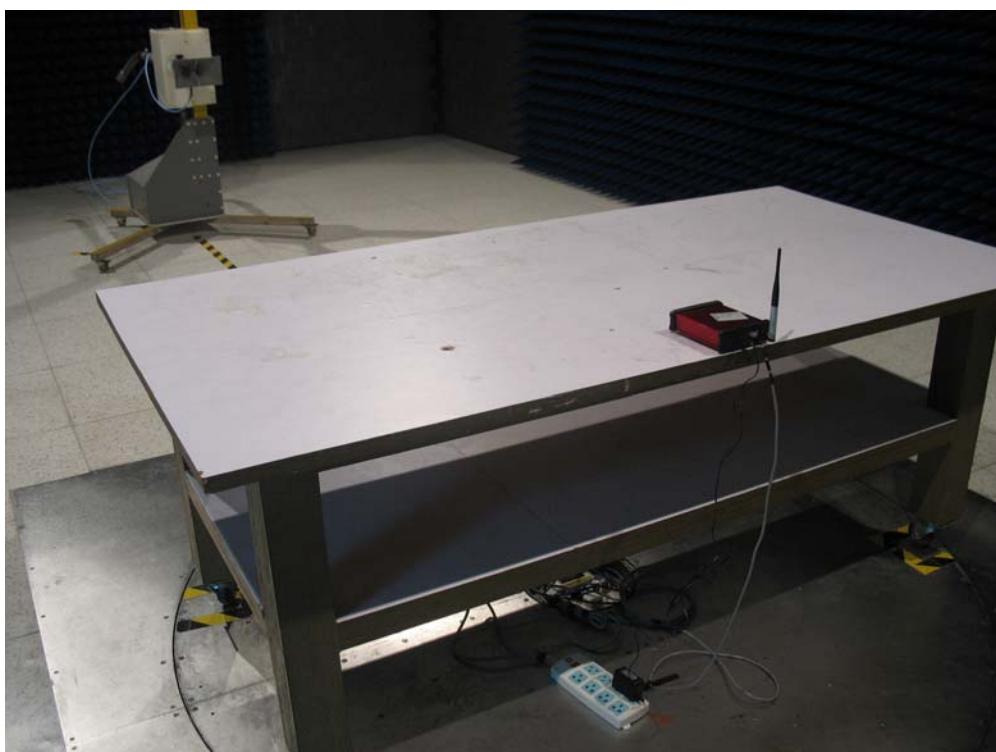

Test Mode : Mode 1: Transmit by 802.11b

Description : Front View of Radiated Emission Test Setup for Above 1GHz

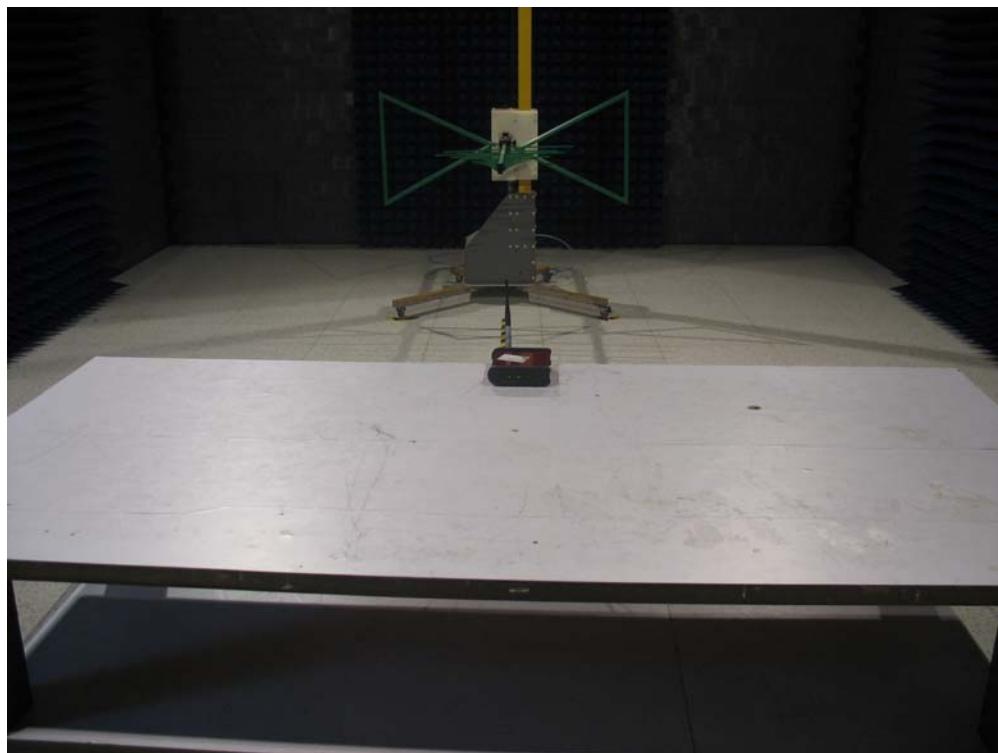

Test Mode : Mode 1: Transmit by 802.11b

Description : Back View of Radiated Emission Test Setup for Above 1GHz

Test Mode : Mode 2: Transmit by 802.11g

Description : Front View of Radiated Emission Test Setup for Under 1GHz

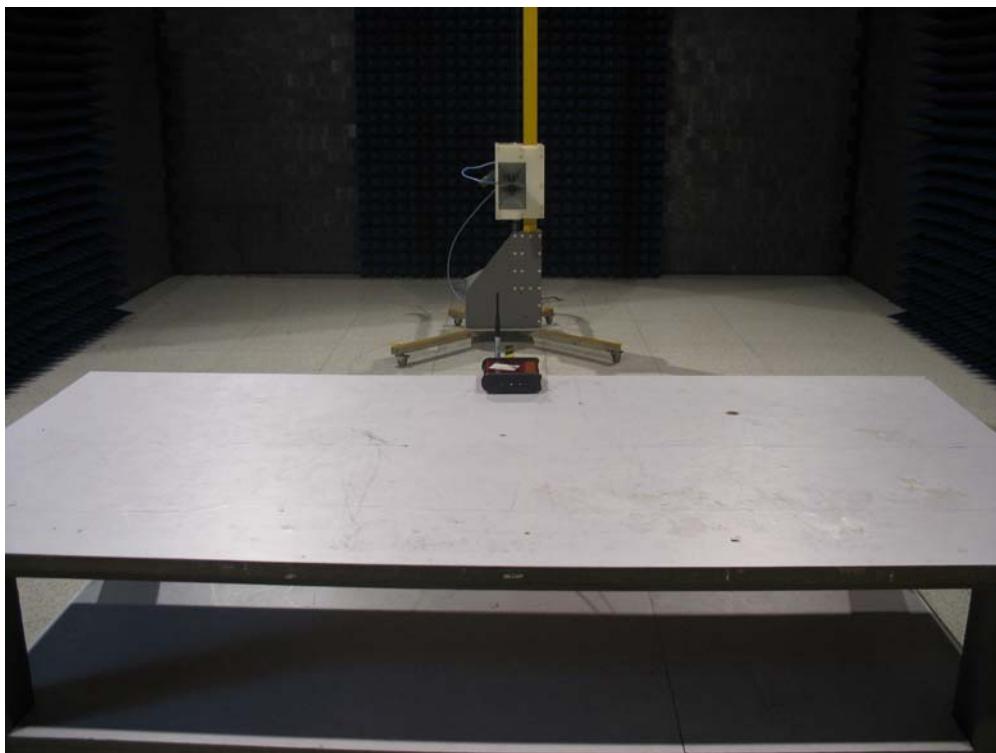

Test Mode : Mode 2: Transmit by 802.11g

Description : Back View of Radiated Emission Test Setup for Under 1GHz

Test Mode : Mode 2: Transmit by 802.11g

Description : Front View of Radiated Emission Test Setup for Above 1GHz

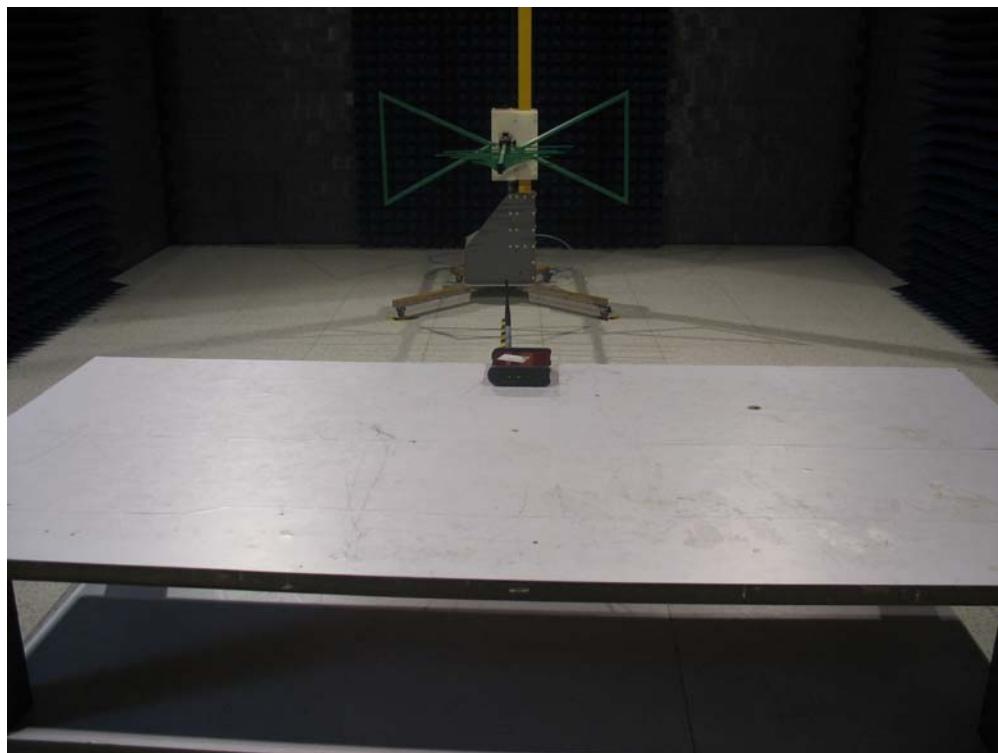

Test Mode : Mode 2: Transmit by 802.11g

Description : Back View of Radiated Emission Test Setup for Above 1GHz

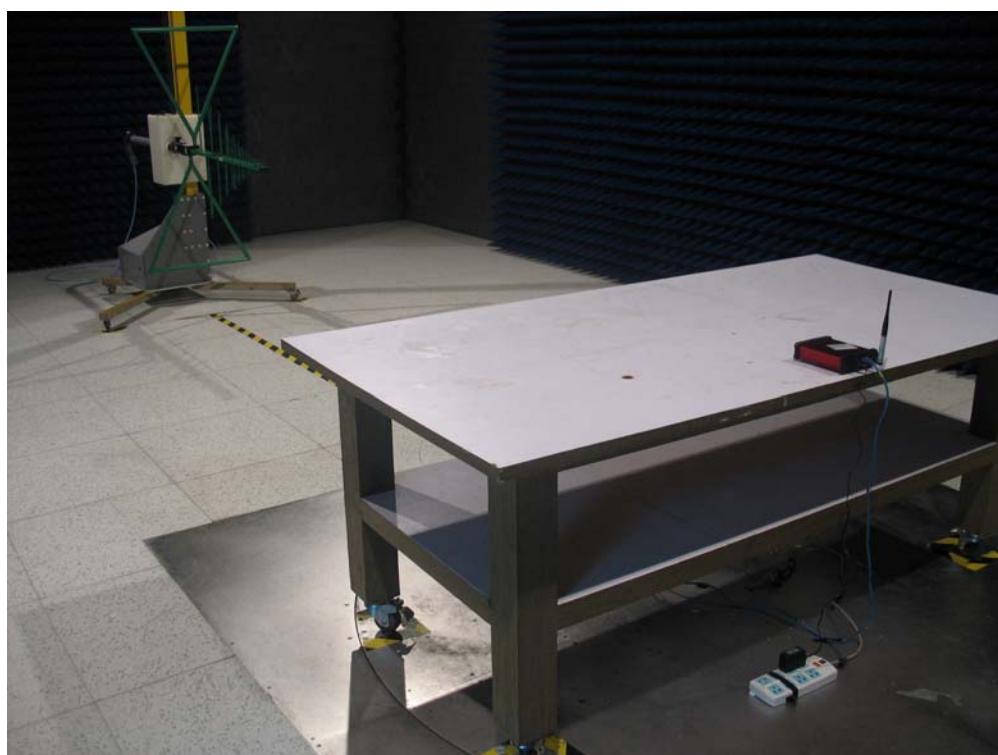

Test Mode : Mode 3: Transmit by 802.11 super g

Description : Front View of Radiated Emission Test Setup for Under 1GHz

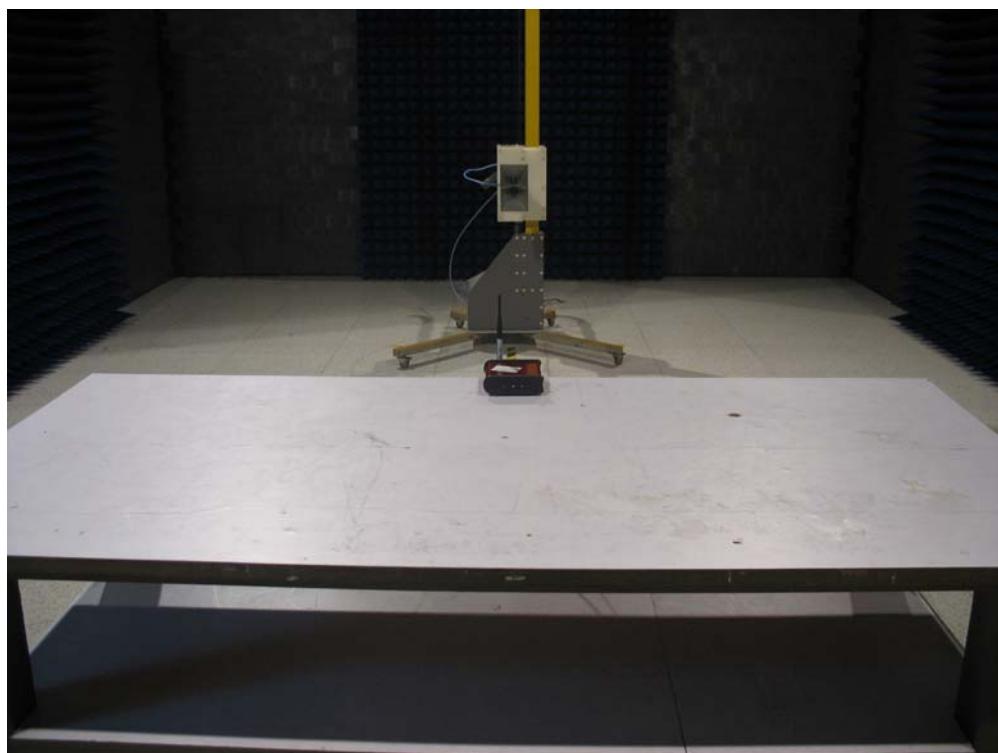

Test Mode : Mode 3: Transmit by 802.11 super g

Description : Back View of Radiated Emission Test Setup for Under 1GHz

Test Mode : Mode 3: Transmit by 802.11 super g

Description : Front View of Radiated Emission Test Setup for Above 1GHz

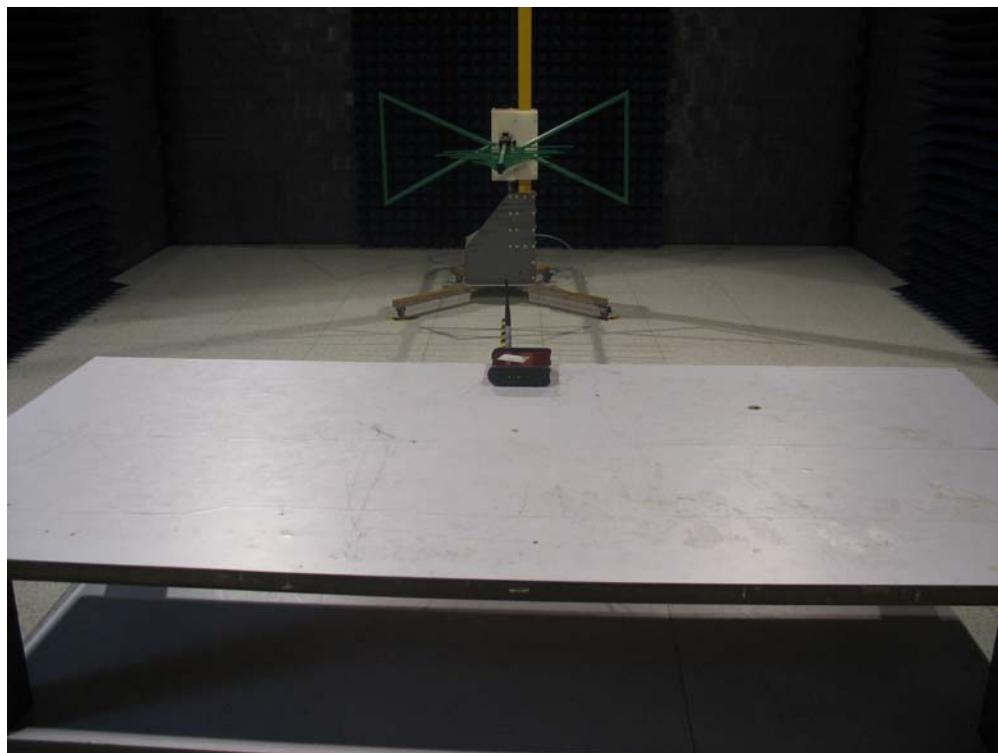

Test Mode : Mode 3: Transmit by 802.11 super g

Description : Back View of Radiated Emission Test Setup for Above 1GHz

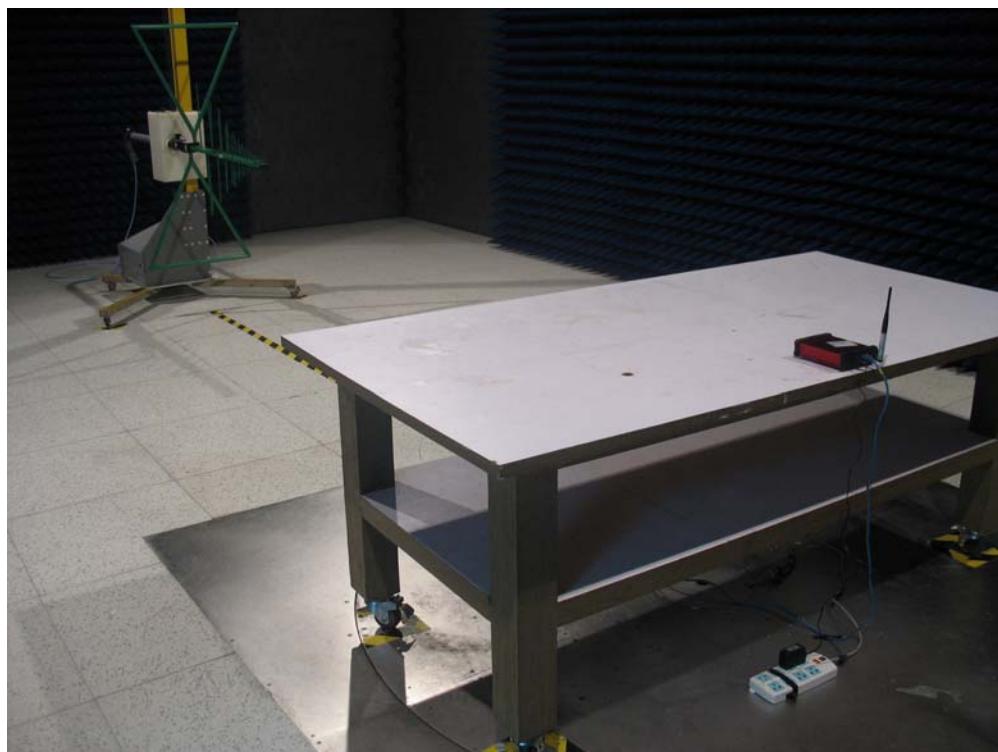

Test Mode : Mode 4: Transmit by 802.11g turbo g

Description : Front View of Radiated Emission Test Setup for Under 1GHz

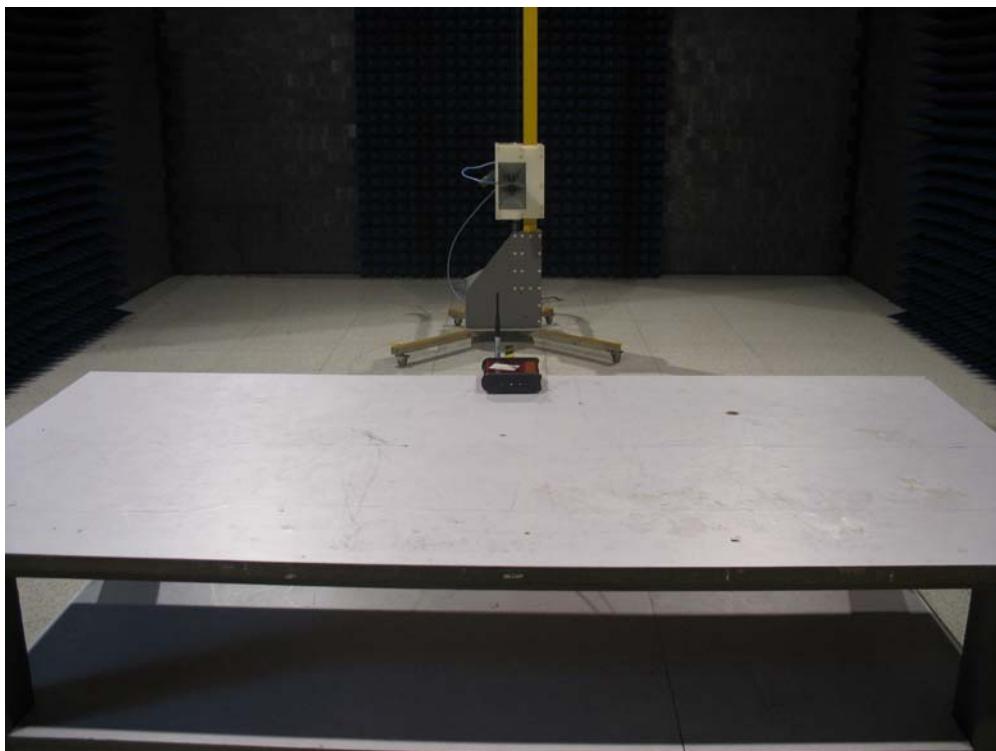

Test Mode : Mode 4: Transmit by 802.11g turbo g

Description : Back View of Radiated Emission Test Setup for Under 1GHz

Test Mode : Mode 4: Transmit by 802.11g turbo g

Description : Front View of Radiated Emission Test Setup for Above 1GHz

Test Mode : Mode 4: Transmit by 802.11g turbo g

Description : Back View of Radiated Emission Test Setup for Above 1GHz
