Subject: Infinia Electronics Co., Ltd. Dongguan (DG), FCC ID: UF5NOMAD, Assessment NO.: AN06T5999, Notice#1

Question #1: The operational description and the user manual all indicate that the device can be charged by "a USB power cable connected to a PC", and the manual indicates "Unlike some other Bluetooth products, the NOMAD can still be used during re-charging". In that case, please perform power line conducted emission test when the device is in charging mode with a USB power cable connected to a PC.

Best Regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
